ASE Continuing Professional Development Offer 2024-25

Take a look at our comprehensive CPD opportunities designed for science educators of all backgrounds. A warm welcome awaits you as you enhance your subject knowledge, boost your confidence, and transform your practice with our engaging webinars, development programmes, and networking opportunities. ASE CPD is renowned for high quality content and direct relevance to your personal practice.

Sign up today and take the next step in your professional journey.

CPD for Technicians

Technicians Leadership Programme: Online

The ASE Technicians Leadership Programme is the first step in developing your leadership skills to change and improve how you lead and manage your technical service for the benefit of students and staff.

Autumn term dates are available now. New dates for 2025 will be added soon.

“

“I liked the online sessions for collaborating with other technicians from different schools and gaining different insights and access to a community to share ideas.”

”

Technicians CPD: Online

Our one-day online courses offer a range of topics for new and experienced technicians to support you in the varied aspects of your role.

Autumn term dates are available now. New dates for 2025 will be added soon.

Technicians Network: Online

Join us for regular networking opportunities covering a variety of themes. With engaging speakers and opportunities for sharing best practice – these events will enhance what you do and give you an opportunity to support others.

All dates for 2024/25 are available for booking. These sessions are free and for ASE members.

 **Become a member today.**

CPD for Primary Teachers

Primary Insights Network: Online

With five opportunities through the year for networking, learning and sharing ideas, our new Primary Insights Network is a welcoming and supportive community for you.

Each session will start with an engaging speaker and will then lead into discussion to hear how the themes are being tackled in other settings.

TeachMeets

Join one of our regular Primary TeachMeets led by our welcoming and supportive East Anglia Region.

Dates throughout the year. Welcome to anyone working in and supporting primary science.

Primary Included: Online

Six webinar-programme to make whole school improvements to inclusive practice with a science curriculum focus.

Currently, we only have autumn start dates available and limited places so book early to avoid disappointment.

CPD for primary teachers & 11-19 Secondary and FE

SEND

Develop your understanding of how you can support your students and their individual needs to ensure that every child engages in their learning and makes progress. Book onto one or all five of these expertly led sessions.

The programme runs 16th October to 11th December so book early to avoid missing out.

11-19 Secondary and FE

From Basics to Brilliance: Teaching Physics

An interactive workshop series designed to provide subject-specific support to increase your confidence in the classroom. You can book one session or all ten and by purchasing a ticket you receive the recording to watch at a later date.

Dates between September 2024 and March 2025.

Suitable for Trainees and ECTs.

International Teachers and Trainee Network

We welcome teachers and trainees who are new to the UK Education system to join this network.

The monthly programme of networking is being supported by a webinar introducing the UK Education system which will be delivered AQA – an exam board. 15th October at 4pm.

'Really enjoyed today - lots of take home tips - amazing resources and a wealth of knowledge and experience in the presenters.'

Keeping Science Practical Cohort : Online

The ASE is now recruiting for the next cohort of the Keeping Science Cohort Practical project starting in autumn 2024.

If you are interested in being part of this fully funded project you can find out more [here](#).

Inclusive Science Special Interest Group

The inclusive science group is made up of interested educators, from all phases and sectors, who have an interest in teaching students with special educational needs. Organised by Rob Butler and Dr Jane Essex who both have an interest in this area. Membership of this group is open to anyone, and they meet online every two months.

Science Leadership and Teacher Developers

Teacher Developer Network

ASE Teacher Developers' Group is a community within the ASE, specifically for all those who support and develop teachers throughout their professional journey, from pre-service training onwards.

Our network meetings are an opportunity to meet with other teacher developers to enhance your own expertise, knowledge and skills, through discussion and shared learning.

Each network meeting involves invited speakers followed by discussion. We'd love for you to join us.

The topics for the 24/25 are [Building Science Capital](#), [Mentoring](#) and [Climate Education](#).

International Teacher and Trainee Discussion Forum

Different from our International Teacher and Trainee Networking Programme, this is an opportunity to discuss how we as collaborative partners, organisations, colleagues and schools can support international teachers and trainees in the UK. Everyone is welcome.

Each forum will have a focussed topic and invited speakers. We will then open into discussion.

Booking is live for all three forums in the next academic year.

ASE ANNUAL CONFERENCE

#ASEConf2025

University of Nottingham

9-11 January 2025

The ASE's Annual Conference is the UK's largest science education conference gathering together science educators from across the education spectrum. The three days include over 250 sessions with keynotes, speakers and workshops. There will also be an exhibition of science education organisations, social events and more.
