Issue 18 Winter 2019/20

Proceedings from the 2019 PSTT International Primary Science Education Conference (PSEC) - Outstanding professional development for all primary science educators

Introduction to the Special Issue *Dudley E. Shallcross*

3. Why does the teaching of science at primary school matter? *Dudley E. Shallcross*

Professional Learning *Edited by Sarah Earle*

6. Practitioners as lifelong learners: a collaborative approach to professional learning in Scotland. *Lise McCaffery*
13. The SSERC Primary Cluster Programme in Science and Technology – Impact on teaching and learning. *Kath Crawford, Kevin Lowden, Stuart Hall, Euan Mitchell, Teresa McErlean, Hayley Sherrard and Lynn Daley*
19. The SSERC Primary Cluster Programme in Science and Technology – Reflections from a classroom practitioner. *Nicola Connor, Euan Mitchell and Emma Bissett*
23. Co-teaching as a viable model for raising teacher confidence in the delivery of primary science within a small rural school in Northern Ireland. *Kathy Schofield*

Pedagogy *Edited by Jane Turner*

29. Children's scientific question-asking – an initial scoping of academic literature. *Lynne Bianchi and Amy Bonsall*
35. Towards a pedagogy of 'clown': using archetypes of clown to develop a model of effective primary science teaching. *Deborah Herridge*
41. Can you tell who's more creative than me? *Ana Paula Bossler and Pedro Z. Caldeira*
49. Developing understanding of science skills in Northern Ireland through co-teaching between pre- and in-service teachers. *Sarah Earle and John McCullagh*

STEM *Edited by Lynne Bianchi*

56. 'I have been doing some science at home': children's relationship with science. *Zoe Crompton*
62. Raising STEM career aspirations through the primary years. *Fran Long*
71. Since publishing this journal, it has been necessary to remove this article for data verification purposes.
78. Gases in the Air: A science demonstration assembly for primary schools. *Tim Harrison, Jonathan Furze and Dudley E. Shallcross*
