

# Contents

Number 158 | May/June 2019

- 3 **Focus on ... Science for all**
- 4 **Notice Board**
- 5 **Jenga and chocolate buttons**  
Marion Frankland shares some approaches for teaching science in a special school
- 8 **Science speed dating**  
Sarah Bearchell shares her experience of working with children she has never met before and will only meet for 20 minutes of their lives
- 11 **Differentiation in the classroom: breaking away from ability groups**  
Liam Coupland considers the holistic learning experience and his reflections on grouping and its impact
- 14 **Science In My Pocket: supporting teaching assistants with pocket-sized science activities**  
Nina Spilsbury describes how small science to support inclusion has led to big things
- 17 **Science Swap Shop**
- 21 **A visit to the zoo, or two, or even three!**  
Sam Viner describes how a recent multi-visit trial helped to enhance learning outcomes for students with special needs
- 22 **Leadership for learning**  
Áine Toal discusses the impact of shared leadership in primary science and how the practice was developed in her school setting
- 25 **Working scientifically and assessing mathematics mastery**  
Andy Markwick looks at how you can assess mathematics mastery by working scientifically
- 28 **My personal journey from science to teaching**  
Jo Montgomery describes how that teaching itch just won't go away
- 31 **It's easier than you think! Exploring an outdoor pedagogy for teaching science, part 2**  
Mark Hainsworth examines just how powerful this pedagogy can be and provides a fascinating insight into pupils' perceptions of learning outdoors
- 35 **Reviews**

Cover: Demonstrating the 'cloud factory' – page 8

# Primary Science

Editor *Dr Leigh Hoath*

Differentiation in the classroom – page 11

Supporting teaching assistants – page 14

The impact of shared leadership – page 22

Maths mastery through working scientifically – page 25
