

Contents

Number 169 | Sept/Oct 2021

- 3 **Focus on... Diversity in science**
- 4 **Notice Board**
- 5 **In conversation with... Abi Reader**
Helen Spring talks to **Abi Reader**, a dairy farmer in Wales, about her role in the family business and beyond
- 7 **Diversity and me**
Kulvinder Kaur Johal shares her personal story and reflections
- 10 **Inspiring young earth scientists and challenging stereotypes**
Kate Sutton explores diversity in scientists through a classroom interview with **Dr Anjana Khatwa**
- 13 **How can we improve representation in the classroom?**
Claire Seeley talks to **Laura Henry-Allain MBE** about representation in the classroom, how teachers can promote anti-racism and work towards creating a core curriculum that authentically represents all people
- 16 **Superhero scientists: shining the spotlight on diversity in scientific professions**
Authors **David Allen** and **Alex Sinclair** discuss challenging stereotypes and interview MRI scientist **Hamied Haroon**
- 20 **Are we doing enough? Perspectives on disadvantage in the context of primary science learning**
Lynne Bianchi inspires thinking about supporting 'disadvantaged' learners in primary science
- 23 **A scientist just like me**
Alison Trew, **Kulvinder Johal** and **Alison Eley** describe PSTT's new resource, which introduces children to a diverse range of scientists and people who work in science-related jobs
- 26 **Is a great curriculum enough?**
Emma Smith offers some ideas on how we can make the curriculum appealing and relevant to all students
- 28 **Teaching the history of science in primary schools**
Gemma Turley considers how looking back in time and teaching about marginalised scientists can open up science for all
- 31 **Making diversity visible**
David Church discusses the importance of making LGBT+ diversity visible and how science can be the context
- 35 **Reviews**
